WHEREAS, the MUNICIPALITY wishes to preserve the aesthetics of the community by encouraging the location of 5G equipment on existing or previously approved infrastructure; and

WHEREAS, A September 2018 Ruling and Order of the Federal Communications Commission ("FCC") provides that all local jurisdictions must comply with various restrictions on the exercise of local aesthetic, zoning, public works and fees when dealing with Small Wireless Facility installation siting applications by the effective date of the Order which was January 14, 2019. The FCC Order further provided that all local agencies should be capable of fully implementing its provisions within 180 days of its adoption which was on September 26,

Nothing in this Agreement shall be deemed to grant, convey, create or vest in Licensee a real property interest in any land, including any fee, leasehold interest or easement.

6. **Compliance with Laws; Required Permits; Utilities; Maintenance.**

(a) **Compliance with Laws.** Licensee shall comply with all applicable federal, state and MUNICIPALITY laws, administrative regulations, codes, zoning ordinances, ordinances, standards, specifications and requirements relating to the construction, installation, operation, maintenance and control of Licensee's Small Wireless Facilities, appurtenant equipment, structures and utility poles defined in Section One: Definitions, in the designated locations within the Public Rights-of-Way. Licensee shall not attach, install, maintain or operate any Small Wireless Facility within any Public Right-of-Way without a permit therefore first having been issued by MUNICIPALITY. Therefore, in the event that Licensee desires to construct, attach, install, maintain or operate any

additional Small Wireless Facilities, Utility Poles or structures within a Public Right-of-Way that is not defined in Section One: Definitions then such construction, attachment, installation, maintenance or operation first shall be approved by a majority vote of the governing body and permit therefore issued by MUNICIPALITY prior to the commencement of such construction, attachment, installation, maintenance or operation of the Small Wireless Facilities, Utility Poles or structures.

(b) **Required Permits.** If the attachment, installation, operation, maintenance or location of any Small Wireless facility by Licensee in any Public Right-of-Way requires any permit, including any MUNICIPALITY street opening permit, then Licensee, if required under applicable MUNICIPALITY ordinances, shall apply for the appropriate permit with the appropriate municipal official and shall pay the required fee therefore.

(c) **Utilities.** Licensee shall pay for all utilities used (and connections to said utilities) in connection with the installation, operation and maintenance of its Small Wireless Facilities. Licensee agrees to take utility access from the nearest possible connection in order to minimize utilization of the Public Rights-of-Way.

(d) **Maintenance.** In the performance and exercise of its rights and obligations under this Agreement, Licensee, at its sole cost and expense, shall maintain its Small Wireless Facilities, its Utility Poles, its structures and any real property utilized to access any of the foregoing in a safe and satisfactory condition as directed by, and to the satisfaction of, MUNICIPALITY, including, but not limited to, removal of any debris generated by Licensee and replacement of any plants, trees or vegetation damaged or destroyed by Licensee. In the event that any of Licensee's Small Wireless Facilities, and appurtenances thereto, its Utility Poles or its structures causes damage to any Public Right-of-Way or interferes with the performance of any of MUNICIPALITY's public duties or other uses of the Public Rights-of-Way, Licensee agrees, upon notice from

MUNICIPALITY, to promptly commence and complete all necessary repairs to cure any such damage at Licensee's sole cost and expense. If Licensee fails to repair the damage after receiving notice from MUNICIPALITY or if an emergency necessitates immediate repair of the damage then MUNICIPALITY, in its sole discretion, may perform the repair work itself in which case Licensee shall reimburse MUNICIPALITY for the cost of the repair work within thirty (30) days after receiving a statement detailing such costs.

7. **Removal and Relocation.** Within 30 days following written notice from MUNICIPALITY, Licensee, at its own expense, shall temporarily or permanently remove, relocate, change or alter the position of any of its Small Wireless Facilities, Utility Poles or structures if MUNICIPALITY determines that (a) such removal, relocation, change or alteration, is reasonably necessary for the construction, repair, maintenance, or installation of any MUNICIPALITY improvement in or upon, the Public Right-of-Way; or (b) because the Small Wireless Facilities, Utility Poles or structures are interfering with or adversely affecting proper operation of street lighting, traffic signaling or other poles; or (c) the widening of the Public Right-of-Way necessitates such removal, relocation, change or alteration. In such instance, MUNICIPALITY shall cooperate with Licensee to find a replacement location for its Small Wireless Facilities that will provide similar radio frequency coverage as is provided by the Small Wireless facilities to be removed or relocated. Once the emergency condition no longer exists Licensee shall apply for any permit for the work that was performed during the emergency that it would have had to secure for said work prior to performing said work in the absence of the emergency.

8. **Emergent Conditions.** Licensee shall maintain all of its Small Wireless facilities, Utility Poles and structures at Licensee's sole cost and expense. The noncompliance with normally required procedures for securing a required permit shall

be excused when Licensee reasonably determines that an emergency exists. If an emergency creates a hazard on the traveled portion of the Public Right-of-Way, then Licensee shall take immediate steps to provide all necessary protection for traffic on the roadway including the use of signs, lights, barricades or flaggers. Licensee shall, as soon as practical, notify the MUNICIPALITY's MUNICIPALITY Engineer, Construction Official, or their designees, and the MUNICIPALITY Police Department of the emergency, informing them as to what steps have been taken for protection of the traveling public and what will be required to make the necessary repairs. On nights and weekends the Licensee shall notify the MUNICIPALITY Police Department of an emergency if the MUNICIPALITY Engineer and Construction Official are unavailable. If the nature of the emergency is such as to interfere with the free movement of traffic, the MUNICIPALITY Police Department shall be notified immediately, prior to any other action being taken. To the extent that MUNICIPALITY has actual knowledge of the displacement or damage to any of Licensee's Small Wireless Facilities, Utility Poles or structures, it shall inform Licensee upon learning of the same.

9. **Personal Property Owned by Licensee.** All Small Wireless Facilities, Utility Poles and structures covered under this Agreement shall be considered personal property and shall remain the property of and shall be under the dominion and control of the Licensee. Such personal property may not be utilized by any third party without the express prior written consent of Licensee, but Licensee, upon the request of MUNICIPALITY and at no cost to Licensee, shall cooperate with any third party in collocating the third party's equipment upon any Utility Pole or structure upon which Licensee has installed any Small Wireless facility.

10. **Insurance and Indemnity.**

(a) Licensee shall secure and maintain commercial general liability insurance or self- insurance with limits of \$2,000,000 for injury or death on one

or more persons in any one occurrence and in the aggregate and \$2,000,000 for damage or destruction in any one occurrence and in the aggregate insuring Licensee as named insured and listing MUNICIPALITY as an included insured on the policies. MUNICIPALITY's included insured status shall (i) be limited to bodily injury, property damage or personal and advertising injury caused, in whole or in part, by Licensee, its employees, agents or independent contractors; (ii) not extend to claims for punitive or exemplary damages arising out of the acts or omissions of MUNICIPALITY, its employees, agents or independent contractors or where such coverage is prohibited by law or to claims arising out of the gross negligence of MUNICIPALITY, its employees, agents or independent contractors; and, (iii) not exceed Licensee's indemnification obligation under this Agreement, if any. Notwithstanding the forgoing, Licensee may, in its sole discretion, self-insure any of the required insurance under the same terms as required by this Agreement. In the event Licensee elects to self-insure its obligation under this Agreement to include MUNICIPALITY as an additional insured, the following conditions apply: (i) MUNICIPALITY shall promptly and no later than thirty (30) days after notice thereof provide Licensee with written notice of any claim, demand, lawsuit, or the like for which it seeks coverage pursuant to this Section and provide Licensee with copies of any demands, notices, summonses, or legal papers received in connection with such claim, demand, lawsuit, or the like; (ii) MUNICIPALITY shall not settle any such claim, demand, lawsuit, or the like without the prior written consent of Licensee; and (iii) MUNICIPALITY shall fully cooperate with Licensee in the defense of the claim, demand, lawsuit, or the like. If Licensee elects to self-insure then it or its affiliated parent shall maintain a financial net worth of at least \$100,000,000 and it or its affiliated parent shall provide MUNICIPALITY with a certificate of self-insurance along with a copy of its or its affiliated parent's latest financial statement (or a link to an internet web site from which MUNICIPALITY may print a copy of the financial statement) showing a net worth of not less than \$100,000,000 as sufficient evidence to

demonstrate its or its affiliated parent's financial ability to self-insure the insurance coverage and limits that are specified in this paragraph 10(a).

(b) Certificates of the insurance required by this paragraph 10, along with the evidence of financial ability to self-insure as described in paragraph (a) above, if applicable, shall be provided to MUNICIPALITY within ten (10) days following the effective date of this Agreement and prior to obtaining any permits required under paragraph 6(b). Thereafter, and so long as this Agreement remains executory, Licensee shall provide certificates of insurance or of self-insurance reflecting the requirements of this paragraph to MUNICIPALITY within ten (10) days following receipt of a written request from MUNICIPALITY. Production of a certificate of self-insurance always shall be accompanied by the evidence of ability to self-insure that is described in paragraph 10(a) above. Should any policy of insurance on which MUNICIPALITY is an included insured be cancelled before the expiration date thereof then Notice of the cancellation shall be provided to MUNICIPALITY in accordance with the policy provisions by Licensee or by its affiliated parent or by the insurer.

(c) Licensee agrees to indemnify and hold harmless MUNICIPALITY against any claim of liability or loss from personal injury or property damage to the extent directly resulting from or arising out of the negligence or willful misconduct of the Licensee, its employees, contractors or agents, except to the extent such claims or damage may be due to or caused by the negligence or willful misconduct of MUNICIPALITY, or its employees, contractors or agents. MUNICIPALITY will provide the Licensee with prompt, written notice of any claim covered by this indemnification and hold harmless provision; provided that any failure of MUNICIPALITY to provide any such notice, or to provide it promptly, shall not relieve the Licensee from its indemnification and hold

harmless obligation in respect of such claim, except to the extent the Licensee can establish actual prejudice and direct damages as a result thereof.

MUNICIPALITY shall cooperate with the Licensee in connection with the Licensee's defense of such claim. The Licensee shall defend MUNICIPALITY, at MUNICIPALITY's request, against any claim with counsel of MUNICIPALITY's choosing that is reasonably satisfactory to the Licensee.

(d) The legal liability of the Licensee to MUNICIPALITY and any person for any of the matters that are the subject of the insurance policies required by this paragraph shall not be limited by such insurance policies or by the recovery of any amounts thereunder, however neither MUNICIPALITY nor the Licensee shall be liable to the other for consequential, incidental, exemplary or punitive damages on account of any activity pursuant to this Agreement.

11. **No Waiver of Breach of Remedies.** No waiver by a Party of any breach of this Agreement or of any representation hereunder by the other Party shall be deemed to be a waiver of any other breach by the other Party (whether preceding or succeeding and whether or not of the same or similar nature), and no acceptance of performance by a Party after any breach by the other Party shall be deemed to be a waiver of any breach of this Agreement or of any representation hereunder by the other Party whether or not the first Party knows of such breach at the time it accepts such performance. No failure or delay by a Party to exercise any right it may have by reason of the default of the other Party shall operate as a waiver of default or modification of this Agreement or shall prevent the exercise of any right by the first Party while the other Party continues to be so in default. Any remedy that either Party may have by reason of a breach of any provision of this Agreement by the other Party at all times shall be preserved and may not be waived.

12. **Mediation of Disputes.** In the event of any dispute concerning the interpretation of the terms of this Agreement or of the obligations of either Party under this Agreement, the Parties shall attempt in good faith to resolve such dispute via consultation between their designated representatives. If such consultation fails to resolve the dispute, then the Parties agree to submit the dispute to mediation. The mediation shall be initiated by one Party serving the other Party with a written demand to mediate. The mediation demand shall include the initiating Party's designation of a mediator. Within fourteen (14) days of receipt of the mediation demand the Party receiving the mediation demand shall either agree to the mediator designated by the other Party or shall provide the other Party with its written designation of a mediator. Thereafter, the designated mediators immediately shall jointly designate a third mediator who shall be either a New Jersey licensed attorney-at-law or a retired judge of the Superior Court of New Jersey. Payment of mediation fees, costs and expenses shall be split evenly amongst the Parties. The mediated resolution of the dispute may include a provision that provides for something other than an even split of the mediation fees, costs and expenses.

13. **Severability.** If any provision of this Agreement or the application thereof shall, for any reason and to any extent, be invalid or unenforceable, neither the remainder of this Agreement nor the application of the provision to other persons, entities or circumstances shall be affected thereby, but instead shall be enforced to the maximum extent permitted by law.

14. **Governing Law.** This Agreement shall be governed, construed and interpreted by, through and under the laws of the State of New Jersey without reference to conflict of law principles, except in such instances when the laws of the United States preempt the laws of the State of New Jersey and all actions, suits and litigation arising under the terms of this Agreement shall be litigated in the Superior Court of New Jersey,

COUNTY, or in the United States District Court for the District of New Jersey (Camden), but no such litigation shall be initiated by a Party until there has been compliance with the mediation provisions of this Agreement that are set forth above. In the event of litigation arising out of this Agreement, the prevailing party shall not be entitled to recover its costs of suit and attorney's fees from the non-prevailing party unless such recovery is specifically and expressly provided for by a statute of the United States or a statute of the State of New Jersey.

15. **Entire Agreement.** This Agreement contains the entire understanding between the parties, and such understanding may not be modified or terminated except in writing and signed by all parties to this Agreement.
